Government Relations and Advocacy

- In 2019, PAEA's Government Relations team submitted a successful application for the Expansion of Practitioner Education grant opportunity from the Substance Abuse and Mental Health Services Administration (SAMHSA) to develop a standardized substance use disorder curriculum for PA programs (known as PRAC-ED-PA).

- Through a blinded, competitive process, PAEA selected a group of 10 pilot PA programs to develop (by early 2020) and deliver (by October 2020) the curriculum.

- In the early spring of 2020, PAEA will be selecting another group of 10 programs to further refine the curriculum

Please contact: advocacy@PAEAonline.org with any questions

PAEA ASSESSMENT

DEVELOPED BY MEMBERS FOR MEMBERS

PACKRAT®

A set of objective, standardized evaluations intended to serve as one measure of medical knowledge students gain during specific SCPE

END OF CURRICULUM™

An objective, comprehensive self-assessment tool for students and curricular evaluation

END OF ROTATION™

An objective, standardized evaluation of student's medical knowledge as one component of their readiness for graduation

The PAEA End of Curriculum™ exam

LAUNCH

EndofCurriculum.org

36 UNIQUE PROGRAMS HAVE ADOPTED THE EXAM TO DATE
